Be different, remarkable and get talked about!

"When we completed our \$53 million refurbishment, we launched a media campaign with the theme 'what will you get up to at the new look Conrad Jupiters' and the heli banner was a perfect way to carry this message to the beach goes along the coast. It provided another vehicle in our media mix with an element of playfulness and surprise. It's always worthwhile to do something 'big' and a bit different."
